

Lisa Batch: Fundamentals of Acrylics

1. Paper Palette (or traditional paint palette)
2. Water bowl
3. Brushes: at least 2 quality (level 2 for Intermediates) flats and rounds of different sizes
4. 9x12 canvas boards (extras for practice or bring a Canvas pad)
5. Paint: You may bring your own if you have some, if not I recommend, Liquitex Heavy Bodied Essential Acrylics, 12 count (\$49.99 minus 20% at Michael's). There's a smaller set but it doesn't have essential colors unless you want to mix often. You may also get Golden or Matisse High Flows which can be expensive but flow easier. I suggest also purchasing Liquitex Titanium White if you use flows.
6. Paper towel
7. Optional: pad for notes and sketches, along with artist pencil & kneaded eraser
